Energy performance of fenestration systems for residential buildings — Calculation procedure —

TECHNICAL CORRIGENDUM 1

Performance énergétique des systèmes de fenêtrage pour les bâtiments résidentiels — Mode opératoire de calcul —

RECTIFICATIF TECHNIQUE 1

Technical Corrigendum 1 to ISO 18292:2011 was prepared by Technical Committee ISO/TC 163, *Thermal performance and energy use in the built environment, Subcommittee SC 2, Calculation methods*

Page 16

Replace Equation (20) with the following:

$$H_{ve,w} = \frac{1}{3,6} \times \left(\frac{\Delta p}{\Delta p_{ref}} \right)^{2/3} \rho\, C_p\, L_{\Delta p_{ref}}$$

ICS 91.120.10
